The Hoffman House BOUQUET

CIGAR.

The only American made Havana Cigar with a National reputation.

Has the largest sale of any Domestic Havana Cigar manufactured.

15,000,000 Sold Annually. The Standard Domestic Brand.

FOSTER **HILSON** COMPANY,

Makers, New York.

"TOBACCO."

An Illustrated Weekly Newspaper.

Devoted to the interests of Cigar Importers, and Wholesale and Retail Tobacconists; and in scope, character and contents, it is unlike any other tobacco trade paper published in the United States.

IT has the largest circulation, and is more closely and thoroughly read than any other tobacco trade paper, because each issue is original, interesting and readable from beginning to end.

The Distinctive Features are: General Articles on Important Trade Subjects; Special Correspondence from all the Leading Trade Centres; Importations of Cigars and Tobacco; Receipt and Distribution of Cigars and Tobacco; Complete and Valuable Statistical Information; Market Price List of Imported Cigars, Etc., Etc.

TOBACCO is, in all respects, a helpful trade newspaper, designed to bring the wholesaler and retailer nearer to and in closer sympathy with reputable manufacturers of cigars, cigarettes, chewing, smoking and plug tobaccos, snuff, pipes and smokers' articles.

The Young Tobacconist will find its columns full of valuable suggestions and advice, and to the older members of the trade it is a reliable guide in the progress of events throughout their branch of the trade.

As an Advertising Medium for those who sell a manufactured product to jobbers or retailers it is unexcelled, economical, and fruitful in results.

Subscription Price, $2.00 per year. Single numbers, 6 cents.

Sample copies sent free, and advertising rates supplied on application.

HAND MACHINE.

THE PROGRESS
Bunching * Machine.

The Progress Bunching Machine ranks first, of all scraps bunching machines.

They are now used for years in most of the largest cigar factories, to the best advantage. In regard to superiority of workmanship, they have no equal; they make a perfect and reliable bunch, of any shape, or size as may be required, and therefore are superior to any other machine, and are acknowledged on their merits to be the Standard Scrap Cigar Bunching Machine.

POWER MACHINE.

CAPACITY:

Power, 4000 to 6000 per day.

PREFACE.

In submitting this work the publishers feel certain they are offering a much needed compilation of interesting and valuable information which will be fully appreciated by the entire tobacco trade of the United States, and kindred interests thereto. The table of contents will show what a wide range of subjects have been examined, and if the reader will stop for a moment and consider the amount of work involved in an effort to bring all the various items herein given together, and prepare them for the press, a just appreciation of our labor will be reached.

The lists of 40,000 names, taken from records, official and otherwise, and copied by clerks and assistants, unmindful of the importance of absolute accuracy in spelling, etc., renders it possible that errors may be found in a volume of so much detail, but great care has been taken to have the book an authentic reproduction of the records, and in doing this the publishers believe they have fulfilled their duty to subscribers.

The statistical feature of this volume is original with this work, and materially enhances the value of the book; in fact, it has been the purpose and desire of the publishers to make the DIRECTORY AND REFERENCE BOOK OF THE TOBACCO TRADE all that such a work should be to meet the actual needs of the trade without burdening its pages with useless or uncertain material.

Internal Revenue Rules and Regulations.

DEALERS IN LEAF TOBACCO must register their names, addresses, and business with the collectors of Internal Revenue of their districts. As dealers, they are classified by law as persons who sell only to other dealers in leaf tobacco, to manufacturers of tobacco, snuff, cigars, or to persons known to be purchasers of leaf tobacco for export, and who purchase only in original hogsheads, cases or bales.

They may register as retail dealers in leaf tobacco, and do business both as dealers and retail d alers in the same premises, but must keep separate books for each branch of trade.

Each dealer must keep two books, one of them furnished by the Government. In these books he must enter daily, the number of hogsheads, cases, and pounds of leaf tobacco purchased or received by him, and of whom purchased or received, and the number of hogsheads, cases, or pounds sold by him, with the name and residence of the person to whom sold, and, if shipped, to whom shipped, and to what district.

A fine of not less than one hundred dollars, nor more than five thousand dollars, and imprisonment of not more than one year, may be inflicted on dealers who refuse or neglect to keep the books provided for, or transfer to the collectors of their districts the duplicate copies containing their daily transactions.

RETAIL DEALERS IN LEAF TOBACCO are persons who sell leaf tobacco in quantities less than an original hogshead, case or bale; or who sell directly to consumers, or to persons other than dealers in leaf tobacco, manufacturers of tobacco, snuff or cigars, or persons who purchase in original packages for export. They must register for each place where they do business, and cannot peddle leaf tobacco. They may qualify both as dealers and retailers in leaf tobacco, and do business as both in the same premises, but must keep separate books. They cannot do business as dealers or retailers in leaf tobacco in a tobacco or cigar factory. They may put up natural leaf, simply dried and cured, in packages for sale to consumers, but must not change or manipulate it in any manner whatsoever. They must keep a book of entry of their daily purchases and sales.

FARMERS OR PLANTERS of tobacco may pack, or sell loose, their products to any and all buyers, but on demand of any Internal Revenue officer they must give sworn statements of their sales in hogsheads, cases or pounds, and the names and residences of the persons to whom sold, and the place or places to which their tobacco was shipped. For failure to so report the fine is $500.

MANUFACTURERS OF TOBACCO AND SNUFF must file bonds with their collectors of from two thousand to twenty thousand dollars, according to the quantum of business proposed to be done by each of them; must register their names, business and locations with their collectors; enumerate the kind and number of machines, presses, snuff-mills, hand-mills, and other mills, and machines they intend to use. This done, they will receive certificates from the collector, which must be conspicuously placed in their factories.

They must keep on the sides or ends of their factories a sign with letters not less than three inches in length painted in oil colors, or gilded, giving their full names and business.

They must, on commencing business, and on the first day of January of each year, and on closing business, return to their collectors an inventory of all their stock on hand and materials used in the manufacture of tobacco or snuff.

They must keep books and enter daily therein an account of all materials purchased or received, and of the tobacco manufactured, sold, consumed or removed for consumption or sale, or removed in bond, and of all materials sold, consumed or removed.

On or before the tenth day of each month they must furnish their collector with sworn statements of their purchases, sales and removals during the preceding month.

Before changing the location of their factories they must furnish to their collectors, new statements, file new bonds, have their locations registered, obtain new certificates from their collectors, and file closing inventories. If the makers of the bonds are willing to be bound in the new locations, the collectors may allow the old bonds to continue and dispense with the closing inventories. Within the bonded premises of tobacco manufacturers, business cannot be done by manufacturers in manufactured tobacco, as dealers in leaf tobacco, or manufacturers of cigars.

Before selling or removing for sale manufactured tobacco or snuff, manufacturers must put up the same in packages as the law has prescribed, and in no other manner. Every package of tobacco or snuff, before it is sold or removed from the place of man-

ufacture, must have on it the marks, brands, label and caution notice, and a stamp for the amount of tax due thereon. Absence of such stamp renders such package liable to seizure and forfeiture.

The packing of foreign articles in packages of tobacco is forbidden.

Scraps, clippings and waste put up for sale are regarded as manufactured tobacco, and any person manipulating the same for use or consumption, or any person who purchases raw or leaf tobacco, and in any way changes its condition for use or consumption, is held liable as a tobacco manufacturer.

Manufactured tobacco and snuff must be packed as follows: Cavendish, plug and twist in packages not exceeding 200 pounds net weight; fine-cut chewing tobacco in packages of 2, 3, 4, 8, and 16 ounces, or in wooden packages containing 10, 20, 40, and 60 pounds each; smoking tobacco, cut and granulated tobacco, other than fine-cut chewing, shorts, the refuse of fine-cut chewing, which have passed through a riddle of 36 meshes to the square inch; refuse, scraps, clippings, cuttings, and sweepings of tobacco, in packages of 2, 3, 4, 8, and 16 ounces each; snuff in packages of ½, 1, 2, 3, 4, 6, 8, and 16 ounces, or in bladders and jars not exceeding 20 pounds each; all kinds of tobacco not otherwise provided for, including large rolls of tobacco, cigar-shaped, in packages of 1, 2, 3, 4, 8, and 16 ounces each. All cut and granulated tobacco, other than fine-cut chewing, must be packed in packages of the capacity of 2, 3, 4, 8, or 16 ounces.

Manufacturers of tobacco, snuff, or cigars wishing to pack cavendish, plug, twist, fine-cut tobacco, snuff or cigars, in wood, metal, paper or other materials separately or in combination, or to subdivide the packages required by law for fine-cut chewing or smoking tobacco, will be allowed to do so on making application to the Commissioner of Internal Revenue with accompanying samples of the proposed packages, and showing that the required marks, brands, labels and stamps can be properly attached to them and canceled. The sample packages submitted for the approval of the commissioner must be accompanied with a statement denoting the materials of which the packages are made, the kind of goods to be put in them, their capacity in pounds, if intended for tobacco or snuff, and if for cigars, the number of cigars to be packed in each, and show the mode of affixing the marks, brands, labels and stamps.

Upon every package of tobacco or snuff there must be a securely affixed label showing the revenue number of the manufactory, the district and State in which it is situated, and a caution notice reading as follows:

"Notice.—The manufacturer of this tobacco has complied with all the requirements of law. Every person is cautioned, under the penalties of law, not to use this package for tobacco again."

Printing on the label names of persons other than manufacturers of record is forbidden. The label must be affixed to the package in a conspicuous place, and so as not to conceal any marks or brands, or stamps required by law.

A separate and distinct label is not required on packages of tobacco and snuff containing 16 ounces or less, provided the manufacturer prints on each such package his factory number, collection district and State, and the caution notice.

Neglect to affix the required label and notice to any package of tobacco made by or for him, sold or offered for sale by or for him, subjects each manufacturer to a fine of fifty dollars for each package. The same penalty applies to any person who removes the label from any such package.

Wooden packages or approved substitutes used for packing cavendish, plug, twist, and for fine-cut chewing tobacco in 10, 20, 40 or 60 pounds packages have marked thereon the manufacturer's name, factory number, gross-weight and tare, and the net weight of the tobacco in each package.

Any person who sells or offers to sell tobacco and snuff not put up in packages and stamped as required by law, or who removes from any manufactory or place where tobacco or snuff is made, tobacco or snuff not lawfully packed and stamped, or if for export, without the proper export stamp, or use, sell, offer for sale, or have in possession except in the manufactory, or a bonded warehouse, manufactured tobacco or snuff without proper stamps being affixed and canceled, is liable to a fine of not less than one thousand nor more than five thousand dollars and imprisonment for not less than six months and not more than two years.

On application by a manufacturer through his collector to rework or rehandle spoiled tobacco, the Commissioner of Internal Revenue will grant permission to rework or destroy that which is unstamped. If unfit for use it is destroyed by a revenue officer who first weighs it.

Permits are given on application to collectors to tobacco or cigar manufacturers to sell leaf tobacco without registering as dealers, or retail dealers in leaf tobacco, where it is made to appear that the sale is not one that would constitute a business as a leaf dealer, as for instance a sale close out business.

The tax on manufactured tobacco and snuff is six cents per pound.

CIGAR MANUFACTURERS.—On July 1 of each year, or on commencing business, each cigar manufacturer must register his name or style, residence, trade, or business, and place where such trade or business is carried on, and failure to so register in-

volves a penalty of fifty dollars. Before commencing business he must file with the collector of his district a sworn statement in duplicate.

On receiving the statement the collector gives him a blank form in which to enter his bond. No person is allowed to manufacture cigars until his bond is filed with and approved by the collector. Failure to file the required bond involves a fine of from $100 to $5,000, and imprisonment for from three months to five years. The minimum sum of the penal bond is $100, but it can be increased from time to time by the collector or Commissioner of Internal Revenue. On approval of the bond the collector gives each manufacturer a certificate that must be conspicuously placed in his manufactory; if not so placed, the fine is $100.

The side or end of each cigar manufactory must have, so as to be distinctly seen, a sign with letters not less than three inches in length, in oil colors or gilded, giving the manufacturer's name and business.

Each manufactory must have a revenue number, and the manufacturer is known by that number. If he have more than one manufactory he may choose his personal number from any one of them. A number once assigned to a cigar manufacturer, or a cigar manufacturing company or firm, is not changed, though the manufactory is changed to some other locality in the same district. When a firm dissolves and the members form other partnerships, or carry on business as individuals at places other than the one occupied by the firm, the old number cannot be retained by any one of the members. When only part of a firm withdraws, the number is not changed.

Every box of cigars must have on it a printed label showing the number of the manufactory, the district and State in which it is situated, and a caution notice. The number of the manufactory on the label or caution notice must be the same as the number of the manufacturer. The minimum size of the label must be three inches long and one and one-half inches wide, of white paper, the words of the caution notice printed in clear type, without Roman numerals, ornamentation, devices, brand or trade-marks, names or any foreign matter.

FORM OF CAUTION NOTICE.—"Factory Number ———. District ———. State———.Notice: The manufacturer of the cigars herein contained has complied with all the requirements of law." "Every person is cautioned not to use either this box for cigars again, or the stamp thereon again, nor to remove the contents of this box without destroying said stamp, under the penalties of law provided in such cases."

The manufacturer may increase the size of the caution notice, make it oval, square, or any other shape, and print above or below the Government part, separated from the label by heavily drawn lines, such trade-mark, ornamentation, devices, etc., as he may elect, but the space for the caution notice or label must be of the dimensions stated. To affix this label or caution notice is the duty of the manufacturer, and it must be done before the cigars are removed from the places where they were made. No other person than the manufacturer has a right, or is allowed, to remove this caution notice from the box, substitute another, cover it with a label of his own, or other person, or place thereon any devices, monogram, trade-mark, advertisement or ornamentation. An ornamental or colored border is allowed if it does not encroach upon the distinction of the notice or measurements. For failure to label as directed the fine is $50, as it is for removal or substitution of the label by any other person than the manufacturer.

The factory number, district and State must also be burned, stamped, indented or impressed on each box of cigars. The factory number, number of district, and number of cigars must be printed in plain Arabic figures.

Cigars must be packed in boxes, not before used, containing 25, 50, 100, 200, 250, 500, or for samples 12 to 13 cigars. For packing in any other manner, falsely branding or stamping, the fine for a manufacturer is not more than $1,000, with imprisonment for not more than two years.

Subdivisions or parcels of packages for cigars or cheroots, when in paper wrappers, cut off at one end to expose the contents, are permitted if repacked in stamped, canceled, labeled and branded statutory packages.

On January 1 each year, and on commencing or concluding business, every cigar manufacturer must deliver to the collector or deputy collector of his district an inventory of leaf tobacco [net weight], cigars, stems, scraps, clippings, waste, and number and capacity of cigar boxes on hand.

Every cigar manufacturer must keep a book, and enter therein every day, the leaf tobacco, cigars, scraps, clippings, stems, and waste, and also the number and capacity of cigar boxes purchased or sold by him together with the leaf tobacco, cigars, stems, or cigar boxes manufactured, sold, consumed, or removed from the place of manufacture.

On or before the tenth day of each month every cigar manufacturer must furnish the collector a sworn statement of his purchases, sales and removals during the preceding month. For failure the penalty is a fine of from five hundred to five thousand dollars, and imprisonment from six months to three years.

No stamp in the likeness of a Customs or Internal Revenue stamp can be used on

cigar boxes. A fraudulent or counterfeit stamp found on any box of cigars renders the manufacturer of the cigars therein liable to all previously mentioned penalties and the forfeiture of his factory, contents, and all lands and appurtenances pertaining to it.

Manufacturers of cigars, as such, can sell only in original packages, and only at the place of manufacture. They may qualify as dealers, and retail elsewhere from stamped and branded boxes. If the place of manufacture and retail sale are in the same building, the cigars must be boxed, branded and stamped before removal to the room where they are to be sold, and such transfers must be entered in the manufacturer's books as removed for consumption or sale, and so returned to the collector. As dealers they, like others, must destroy the stamps on boxes as soon as emptied.

Manufacturers of cigars may sell in bulk without payment of tax to other manufacturers, or exporters, their scraps, clippings, cuttings, sweepings, stems, and waste of tobacco by obtaining permission from their collectors.

To purchase stamps to pack, stamp and label scraps, cuttings and clippings, cigar manufacturers must register as tobacco manufacturers.

A cigar manufacturer may, without becoming a dealer in leaf tobacco, sell to a registered manufacturer of cigars, for use in his own manufactory exclusively, leaf tobacco in quantities less than the original package.

By permission of the collector, stems in their natural condition can be removed to qualified manufacturers of tobacco.

RETAILERS may sell from duly stamped and branded boxes cigars at retail without payment of special tax.

CIGARETTES must be packed in stamped parcels of 10, 20, 50, or 100 cigarettes, and may be then packed in boxes 100, 200, 250 or 500 cigarettes each, which boxes must have stamped, indented, burned, or impressed into them the number of the manufactory, district, State, and number of cigarettes in each box, with a caution label similar to that on cigar boxes.

IMPORTED CIGARS and cigarettes are subject to the same taxes and regulations as domestic, and before withdrawal from bond for sale or consumption must have on the boxes containing them the Internal Revenue stamps required for domestic cigars and cigarettes.

TAX RATES: Cigars and cheroots, three dollars per thousand; cigarettes weighing over three pounds per thousand, three dollars per thousand; cigarettes weighing not more than three pounds per thousand, fifty cents per thousand.

PEDDLERS.—Peddlers of tobacco, snuff, cigars or cigarettes must on applying for permits to peddle, furnish their collectors with a statement giving their places of residence, the State or States through which they propose to travel, give bonds in the sum of $500. each, and declare whether they are to sell manufactures of their own or those of others, and if others, their names. On approval of their bonds certificates of registry are given them. Each peddler must affix a sign in a conspicuous place on his wagon, on which must be painted in oil colors, or gilded, his full name, business, and the collection district from which he obtained his certificate.

Peddlers are not allowed to break packages and retail therefrom, but all sales made by them must be in original packages as put up by the manufacturers.

For failure to show their certificates on demand of revenue officers, their horses, wagons and goods are liable to forfeiture, and they themselves to a fine of not more than $500 each, and to imprisonment for not more than twelve months. They also are liable to a fine of from one hundred to five hundred dollars and imprisonment of from six months to one year for failure to give bond, obtain certificate, or for breaking packages, having stamps in possession which have been removed from boxes or packages, or having boxes or packages emptied or partially emptied with the stamps on them not destroyed, or omitting the sign on their wagons.

IMPORTED SCRAPS, cuttings and clippings of tobacco, after duty has been paid, may be transferred from bond without payment of Internal Revenue tax to the factory of a tobacco, snuff, or cigar manufacturer, but it must be entered on their books as material purchased.

EXPORTERS.—The manufacturer desiring to export manufactured tobacco, snuff, cigars and cigarettes, or either of them, must file with the collector of the district in which the manufactory is situated a combined notice and entry, for exportation, in triplicate, on forms provided by the collector, and deliver to the collector a bond, with at least two good sureties, in a sum equal to double the amount of tax on the merchandise to be exported.

The foregoing synopsis of the Internal Revenue laws, is given with the views of informing the readers of this book as to their duties under those laws and the ruling decisions and regulations of the Internal Revenue Bureau. It is also one of the duties of collectors of Internal Revenue to supply full information to all Internal Revenue tax payers on subjects pertaining to his business, and furnish at his request copies of the "Tax Manuel," containing revised regulations concerning taxes on tobacco, snuff, and cigars under the Revised Statutes of the United States.

PRODUCT OF CIGARS, CIGARETTES, AND MANUFACTURED TOBACCO, AND AMOUNT OF INTERNAL REVENUE COLLECTIONS

* Cigarettes, in 1867 and 1868, were taxed at the same rate as cigars, and were returned with them.

Note.—Included in "Total Collections from Special Taxes" is $300,800.93, of which $255,502.25 was for stamps for tobacco and snuff intended for export, $297.80 for cigars intended for export and $45,000.88 for collections relating to tobacco not otherwise provided for by the Internal Revenue Department. All special taxes were abolished on January 1, 1891.

RETURNS OF CIGARS, CHEROOTS, AND CIGARETTES UNDER EACH ACT OF LEGISLATION.

Showing the Amount of Internal Revenue Derived from Cigars, Cheroots, and Cigarettes. at each Rate of Tax under the several Enactments, the Number of the same Returned for Taxation (exclusive of Cigarettes on which an Ad Valorem Tax was Paid, the Number of which cannot be asce tained), the Date when each Rate of Tax was imposed and Repealed, and the Length of Time the several Rates were in Force, from July 1, 1862, to June 30, 1892.

* The compilation of the Internal Revenue records are not completed until several months after the close of the calendar year, therefore the product during the year 1892 cannot be given. The product for consumption in the United States only, during the calendar year 1892, will be found on page 16

† No record of the product by Internal Revenue Districts was kept during the year 1888, so the total product by States is given.

PRODUCT OF CIGARS, CIGARETTES, MANUFACTURED TOBACCO AND SNUFF BY INTERNAL REVENUE DISTRICTS.

During the Year ending December 31, 1892.

(FOR CONSUMPTION IN THE UNITED STATES ONLY. PRODUCT FOR EXPORT NOT INCLUDED.)

* The act of October 1, 1890, repealed all special taxes relating to tobacco. No record has been kept since this date.

THE UNITED STATES TARIFF LAW.

The following is the tobacco section of the new tariff law, passed by both Houses of Congress and approved by the President, October 1, 1890:

SCHEDULE F.—TOBACCO AND MANUFACTURES OF.

Leaf tobacco suitable for cigar wrappers, if not stemmed, $2 per pound; if stemmed, $2.75 per pound: *Provided*, That, if any portion of any tobacco imported in any bale, box, or package, or in bulk shall be suitable for cigar wrappers, the entire quantity of tobacco contained in such bale, box, or package, or bulk shall be dutiable, if not stemmed, at $2 per pound; if stemmed, at $2.75 per pound.

All other tobacco, in leaf, unmanufactured and not stemmed, 35 cents per pound; if stemmed, 50 cents per pound.

Tobacco, manufactured, of all descriptions, not specially enumerated or provided for in this act, 40 cents per pound. (Additional Internal Revenue tax, 6 cents per pound).

Snuff and snuff flour, manufactured of tobacco, ground dry, or damp, and pickled, scented, or otherwise, of all descriptions, 50 cents per pound. (Additional Internal Revenue tax, 6 cents per pound).

Cigars, cigarettes, and cheroots of all kinds, $4.50 per pound and 25 per cent. ad valorem; and paper cigars and cigarettes, including wrappers, shall be subject to the same duties as are herein imposed upon cigars. (Additional Internal Revenue tax, cigars $3 per thousand; cigarettes weighing 3 pounds or under per 1,000, 50 cents per thousand; cigarettes weighing over 3 pounds per 1,000, same as cigars).

PIPES AND SMOKERS' ARTICLES.

Pipes, pipe bowls, of all materials, and all smokers' articles whatsoever, not specially provided for in this act, including cigarette books, cigarette book-covers, ponches for smoking or chewing tobacco, and cigarette paper in all forms, 70 per cent. ad valorem; all common tobacco pipes of clay, 15 cents per gross.

CIGAR DEALERS' ANNEX ARTICLES.

Silk and alapaca umbrellas, 55 per cent. ad valorem. Sticks of umbrellas and canes, if plain, 35 per cent. ad valorem; if carved, 50 per cent.

PRODUCT OF CIGARS, CIGARETTES, MANUFACTURED TOBACCO AND SNUFF BY MONTHS.

During the Five Years ending December 31, 1892.

(FOR CONSUMPTION IN THE UNITED STATES ONLY. PRODUCT FOR EXPORT NOT INCLUDED.)

* It is impossible to give even an approximately correct tabulated statement of the foreign goods entering into actual consumption in the United States prior to the year ending June 30, 1868. Up to the establishment of the Bureau of Statistics by Congress in 1867, the annual reports on the commerce and navigation of the United States were under the supervision of the Register of the Treasury, and the methods in use only took cognizance of general and indirect imports, and of exports by water. Re-exports by rail and merchandise in warehouse were not taken into account until the Bureau of Statistics took charge in 1867, hence without any knowledge of these two items the figures given for 1863-67, inclusive, are not authentic. They represent the general imports, but do not comprise the "Indirect Imports." It may be said, though, in a general way, that a perusal of the Re-exports and Indirect Imports for those and preceding years shows that on the general average these items about balance each other. The duty extended for the years 1863 to 1867, inclusive, in most instances is not extended in the Reports on Commerce and Navigation, but has been obtained by calculatiug it from the quantity of each article and the rate imposed.

STATEMENT SHOWING THE NUMBER AND VALUE PER M. OF CIGARS IMPORTED INTO THE UNITED STATES, BY PORTS, DURING THE FISCAL YEARS FROM 1865 TO 1892, ALSO RE-EXPORTS OF SAME TO FOREIGN COUNTRIES.

a In the respective crop totals the entire tobacco product of the different States has been included, but in the statement of acreage States having a total of less than one acre in tobacco have not been included. The necessary adjustments have, however, been made in the figures showing the average yield per acre.

b Less than one acre.

GREAT MANUFACTORY OF CIGARS AND CIGARETTES OF SEGUNDO ALVAREZ & CO.

—:) THE (:—

LA CORONA

CIGAR AND CIGARETTE FACTORY

is one of the oldest in Havana, and was established in the year 1845. It has a universal fame, and products are highly esteemed all over the world. The present proprietors, Mr. Segundo Alvarez and Mr. D. Perfecto F. Lopez, decided to make all necessary sacrifices to put this factory on the highest industrial level by equipping it with all the necessary modern improvements. To obtain this object they had to change their location, as the factory was too small for the growth of their business. They became the owners of the most beautiful and largest building in Havana, known as the Palacio de Aldama, situated in the most aristocratic quarter, and fronting on the great park, Campo de Marte. This immense building has been entirely refitted at an expense of $50,000, gold, for the manufacture of cigars. The cigarette department has a large engine, which furnishes power to a great number of machines of the most modern pattern; this factory has exclusive patents for its cigarettes, especially those known everywhere by "Sport." Tourists, visiting Cuba, should visit the cigar and cigarette factory La Corona, for they will be agreeably surprised at the ingenuity and progress developed in the manufacture of these goods. The finest Vuelta Abajo tobacco leaf is solely used in the manufacturing of their cigars and cigarettes. Members of the tobacco trade and travelers are cordially invited to visit this beautiful building.

JOSE GENER'S

Celebrated Brands of Cigars,

La Escepcion and Hoyo de Monterey

ANNEXED BRANDS:

Gladstone, Cruz de Malta, Vuelta Abajo,
Gloria de Inglaterra, Emperatriz de la India,
Imperio Aleman, Monopolizacion, Trafalgar.

NOTICE.

This factory possesses some of the most renowned tobacco plantations of Vuelta Abajo, and has just acquired large tracts of land in the district known as "Remates," capable of producing from ten to twelve thousand bales of tobacco yearly. The Remates tobacco is nowadays "the favorite" on account of its burning and light weight qualities, being at the same time very aromatic, and all these dispositions are not displayed by all Vuelta Abajo tobaccos.

JOSE GENER.

Address: Principe Alfonso No. 7, - - - HAVANA, CUBA.
